Experience

Web developer | Wordpress website | May 2023 - Present

- Collaborated with clients to understand their design needs.

Freelance Web development |

- Collaborated directly with clients to assess Website design needs, goals, and target audiences.

"With one year of hands-on experience as a web developer, I have worked on various projects that range from simple landing pages to more complex websites. My expertise includes using HTML, CSS, and JavaScript to build and style webpages. I've collaborated with clients to understand their needs and deliver user-friendly, responsive designs. My experience also involves debugging and optimizing code to ensure smooth performance. Through this role, I've developed strong problem-solving skills and a keen eye for detail, always aiming to enhance the user experience and meet project deadlines effectively."
